About Fildes Food Safety

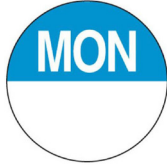

Fildes Food Safety has a comprehensive range of food labelling, temperature control and monitoring, food storage and employee safety solutions. This enables commercial kitchens to effortlessly meet their requirements under HACCP food management programs. With a focused commitment to quality, customer service and innovation, Fildes Food Safety has built an enviable reputation for reliability and is the preferred supplier of many well known healthcare facilities, restaurants, hotels and fast food establishments.

Labelling & Rotation

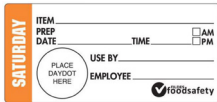

Food labelling and rotation of food is vital in protecting against foodborne illnesses. Labelling food consistently ensures that you are serving the freshest and safest food.

PROUD AUSTRALIAN MANUFACTURERS

Fildes Food Safety labels are printed onsite at our premises in Sandringham, Victoria. The entire Fildes Group is owned and operated by the Fildes family.

At a time when manufacturing in Australia continues to lose traction, we have maintained our plant here in Sandringham, where we make labels week-in week-out. We would like to thank all our customers for your tremendous support and look forward to serving you in the future.
